

Part Two/Chapter Ten

PAINT

DISCUSSION QUESTIONS:

1. Describe the reasons behind reading a MSDS before using the product it refers to.
2. Explain the main way that paint brushes are ruined and how to avoid it from happening.
3. List other tools for applying paint other than with a brush.
4. Restate why using household latex paint for theatrical applications is not a good idea.
5. Choose one of the three textures we discussed in detail and be prepared to explain each step of the process in detail.
6. Illustrate why glazing is an important technique to know.
