

Part Two/Chapter Six

SAFETY

DISCUSSION QUESTIONS:

1. Summarize the four categories relating to personal safety. Describe the pros and cons of each.
2. Name two kinds of eye protection. Explain the first two ways to immediately treat an eye injury.
3. List what MSDS stands for and explain why it is critical to the safe use of products in the shop.
4. Explain the difference between fireproof and fire retardant.
5. Define the three main systems a theater can install to aid in the event of a fire.
6. Illustrate why you should never yell "FIRE" in a theater.
